Dear Paul:

Thanks to you the Task Force completed its work and their efforts are reflected in the report that you authored. It may be that the long term benefits of the work of the task force will be more productive and positive than the short term. I believe this will be the case and it will result from the quality of the report.

The members of the task force know and appreciate your work because they have told me so. But I doubt they can appreciate like I do the total dedication of your time, your intelligence, your drive and especially your commitment to the mission of the task force. Only I had the opportunity to see evidence of your productivity every day since the organization of the task force.

The public may never know the magnitude of your effort, but those of us who benefit from your labors are personally aware of your generosity in giving your talents for the benefit of others.

On behalf of all the members of the task force: Sallie, Sharon, Bert, Bo, Dick, Frank, Jim, Mark, Tom and Sandy, I say thank you.

May I also extend my personal thanks, Paul I deeply appreciate all you have done for the task force and me personally.

With Warm Personal Regards,

A handwritten signature in cursive script that reads "Sandy".
